WORD TO FILIPINOS.

President's Proclamation to the Islanders.

Sovereignty Asserted by the United States.

Natives Guaranteed Blessings of Freedom.

American Policy to be That of Assimilation—The Proclamation Placating but Firm.

MANILA, Jan. 5.—President McKinley's proclamation to the Filipinos, cabled to Major-General Otis from Washington, has been issued here.

TEXT OF THE PROCLAMATION.

WASHINGTON, Jan. 5.—The following is the text of instructions sent to General Otis, in command of the United States forces in the Philippines, to be proclaimed to the Filipinos as expressive of the purpose of the United States with respect to them:

"Adjutant General's Office, Washington, D. C., Dec. 27, 1898.—General Otis, Manila: By direction of the secretary of war, I have the honor to transmit herewith instructions of the president relative to the administration of affairs in the Philippine islands:

"'Executive Mansion, Washington, D. C., Dec. 21, 1898.—To the Secretary of war—Sir: The destruction of the Spanish fleet in the harbor of Manila by the United States squadron commanded by Admiral Dewey, followed by the reduction of the city and the surrender of the Spanish forces, practically effected the conquest of the Philippine islands and the suspension of Spanish sovereignty therein.

"'With the signature of the treaty of peace between the United States and Spain by their respective plenipotentiaries at Paris, on the 10th inst., and as the result of the victories of American arms, the future control, disposition and government of the Philippine islands are ceded to the United States.

"'In fulfillment of the rights of sovereignty thus acquired and the responsible obligations of government thus assumed, the actual occupation and administration of the entire group of the Philippine islands becomes immediately necessary, and the military government heretofore maintained by the United States in the city, harbor and bay of Manila is to be extended with all possible dispatch to the whole of the ceded territory.

"'In performing this duty, the military commander of the United States is enjoined to make known to the inhabitants of the Philippine Islands that, in succeeding to the sovereignty of Spain, in severing the former political relations of the inhabitants and in establishing a new political power, the authority of the United States is to be exerted for the security of the persons and property of the people of the islands and for the confirmation of all their private rights and relations. It will be the duty of the commander of the forces of occupation to announce and proclaim in the most public manner that we come, not as invaders or conquerors, but friends, to protect the natives in their homes, in their employments and in their personal and religious rights. All persons who, either by active endeavor or by honest submission, co-operate with the government of the United States to give effect to these beneficent purposes will receive the reward of its support and protection.

"'All others will be brought within the lawful rule we have assumed, with firmness if need be, but without severity so far as may be possible.

"'With the absolute domain of military authority, which necessarily is and must remain supreme in the ceded territory until the legislation of the United States shall otherwise provide, the municipal laws of the territory in respect to private rights and property, and the repression of crime, are to be considered as continuing in force, and to be administered by the ordinary tribunals as far as practicable.

"'The functions of civil and municipal government are to be performed by such officers as may accept the supremacy of the United States by taking the oath of allegiance, or by officers chosen as far as may be practicable from the inhabitants of the islands.

"'While the control of all the public property and the revenues of the state passes with the cession, and while the use and management of all public means of transportation are necessarily reserved to the authority of the United States, private property, whether belonging to individuals or corporations, is to be respected except for cause duly established. The taxes and duties heretofore payable by the inhabitants to the late government become payable to the authorities of the United States, unless it be seen fit to substitute for them other reasonable rates or modes of contribution to the expenses of government, whether general or local.

"'If private property be taken for military use it shall be paid for when possible in cash at a fair valuation, and when payment in cash is not practicable receipts are to be given.

"'All ports and places in the Philippine islands in the possession of land and naval forces of the United States will be opened to the commerce of all friendly nations. All goods and wares not prohibited for military reasons by due announcement of the military authority will be admitted upon payment of such duties and other charges as shall be in force at the time of their importation.

"'Finally, it should be the earnest and paramount aim of the military administration to win the confidence, respect and affection of the inhabitants of the Philippines by assuring to them in every possible way that full measure of individual rights and liberties which is the heritage of free people, and by proving to them that the mission of the United States is one of benevolent assimilation, substituting the mild sway of justice and right for arbitrary rule. In the fulfillment of this high mission which supporting the temperate administration of affairs for the greatest good of the governed, there must be sedulously maintained the strong arm of authority, to repress disturbance and to overcome all obstacles to the bestowal of blessings of good and stable government to the people of the Philippine islands, under the free flag of the United States.

Captain Bertram Scott, who has command of the Volunteers in Fort Wayne, does not know the hour of General Booth's arrival, but if it is in the afternoon a public reception will be given in honor of the distinguished guest.

WORK OF CONGRESS.

Anti-Expansion Debates in Senate Soon.

House Discusses New Federal Court District Said to be Intended for Judge Day.

WASHINGTON, Jan. 5.—In the absence of the vice president on account of illness, Mr. Frye, of Maine, president pro tem., presided at the opening of today's session of the senate.

Mr. Berry, democrat, of Arkansas, presented a petition from the J. Ed. Murray Camp of United Confederate Veterans, of Arkansas, against the adoption of the proposed amendment of Senator Butler, populist, of North Carolina, to the pension appropriation bill providing for the payment of pensions to confederate soldiers. Mr. Berry said the members of the camp deemed it unwise to adopt such a proposition.

They say, said Mr. Berry, that they have provided for themselves and their families for more than a generation and they regard such a proposition as that of Mr. Butler as "ungracious."

Mr. Hoar, of Massachusetts, gave notice that on next Monday he would address the senate on the resolution offered by Mr. Vest, of Missouri, relating to the acquisition of foreign territory by the United States, this address being a reply to that delivered by Mr. Platt, of Connecticut, just before the holiday recess.

Mr. Caffery, of Louisiana, announced that he would address the senate tomorrow on the resolution offered by Mr. Vest.

THE HOUSE.

WASHINGTON, D. C., Jan. 5.—Under a special order adopted before the holiday recess the house devoted today to the consideration of bills presented by the committee on judiciary.

The bills were first considered in committee of the whole. The first bill called up was that to create an additional circuit judge in the Sixth judicial circuit. It is this judgeship with which rumor has connected the name of ex-Secretary of State William R. Day.

Mr. Henderson, republican, of Iowa, chairman of the judiciary committee said that there were 7,108 cases pending in this district. The business of the circuit was excessive, he said, and the judges of the circuit earnestly favored it.

Mr. Moon, democrat, of Tennessee, opposed the bill, contending that the situation in the circuit did not warrant the creation of another circuit judge.

The bill was supported by Mr. Bromwell, republican, of Ohio; Underwood, democrat, of Alabama, and W. A. Smith, republican, of Michigan. It was laid aside with a favorable recommendation.

Miss Genevieve O'Rourke left yesterday for St. Mary's academy, Monroe, Mich.

STATE SOLONS MEET

The Indiana Legislature Now in Session.

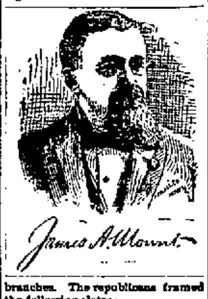

Governor Mount's Biennial Message Read.

Important Legislation Is Urged by the Executive.

A Strong Plea for the Suppression of Mob Violence—County and Township Reforms Asked.

INDIANAPOLIS, Ind., Jan. 5.—Both branches of the legislature met in the state capitol this forenoon, forming the sixty-first general assembly of Indiana.

Both parties held caucuses last night to select officers for both

branches. The republicans framed the following slates:

For the senate:

President Pro Tem.—L. P. Newby, of Knightstown.

Secretary—W. C. Converse, Richmond.

Assistant Secretary—F. L. Wayman, New Castle.

Doorkeeper—Clem Pelser, Booneville.

For the house:

Speaker—Frank L. Littleton, of Indianapolis.

Principal Clerk—Fred Kimbley, Orleans.

Assistant Clerk—Charles A. DeHaven, Kokomo.

Doorkeeper—Samuel R. Gibson, Delaware county.

The complimentary nominations of the democrats were bestowed as follows:

For the senate:

President Pro Tem.—Senator Joseph H. Shea.

Principal Secretary—J. B. Workman, Owen county.

Assistant Secretary—Harry Stone, Noble county.

Doorkeeper — Casper Gardner, Perry county.

For the house:

Speaker—W. H. Eichhorn, Bluffton.

Clerk—Milo D. Hesselman, Auburn.

Assistant Clerk—Bruce Hite of Rush county.

Doorkeeper—Frank Mannix, Fort Wayne.

Assistant Doorkeeper—Hezekiah Luckett, Harrison county.

ORGANIZATION.

The hour set for beginning the session was 10 o'clock, but it was considerably later than that before the solons were in their seats and ready to begin business.

The senate was called to order by Lieutenant Governor Haggard and, after invocation of Divine guidance, the senate organized by electing the nominees of last night's republican caucus.

The house was called to order by the secretary of state and Judge Wiley, of the appellate court, administered the oath to the members. The caucus nominees were elected and organization was complete.

THE GOVERNOR'S MESSAGE.

The most important event was the reading of the biennial message of Governor Mount. It was after noon before the message was delivered. The governor's message follows:

"Gentlemen of the Senate and House of Representatives:—The people of Indiana have chosen you to represent them in the sixty-first general assembly. They have reposed in you their confidence, and you enter upon the responsible duty of enacting laws for the promotion of public welfare.

"I deem it unnecessary to review the work of the various institutions of the state. The reports of these will be printed and put upon your desks for your examination. The last general assembly enacted a law providing for the appointment of a committee to visit, examine and report the condition and needs of the various state institutions. In obedience to this law, a committee, consisting of Hon. Francis T. Roots (author of the bill), Hon. Fremont Goodwine and Hon. Strathur Herod, was appointed. With this committee's report, added to the published reports of the state institutions, I think it inopportune to prolong this message with references thereto, but shall give the time to the consideration of other important questions."

STATE DEBT AND TAXES.

The governor says the reduction of the state's indebtedness has continued during the past two years with the most gratifying results, payments that aggregate $1,320,000 having been made from March 29, 1897, to December 31, 1898. The governor says:

"The 3-cent levy for the state sinking fund should be continued until the entire indebtedness has been paid off. There is a widespread feeling that the taxes levied for state purposes form the larger portion of the burden imposed upon taxpayers, but this popular fallacy is entirely dispelled by a single statement of facts, by way of comparison. The amount levied for state purposes (aside from the school fund, which is 11 cents on the 100, and 1⅓ cents for educational purposes) is only 17 cents, out of which all expenses of state government, including the judiciary, are paid—including also payments on state debt—while the average county levy is $1.47."

COUNTY AND TOWNSHIP REFORMS.

Concerning reforms in county and township government the governor says:

"The need of reform in laws and methods of county and township government is manifest to all. There are not the proper safeguards around the powers delegated to county commissioners. They have power to levy taxes, make contracts, spend money and make allowances and audit the books. Section 7860, of Burns' Revised Statutes of 1894, gives too much discretionary power to the county board. The state statistician, in answer to questions, finds that some counties have purchased court libraries. The auditor answers that the judge requested it and the county commissioners made the purchase and paid for the same from county funds. There is no law for such expenditure. The taxpayers of the county would condemn the purchase of court libraries at the county's expense. This only illustrates what may become the results when too large powers are granted.

"The prodigality with which county funds are expended in some counties is the outgrowth of following precedents on the ascending scale. Attorneys employed by commissioners in county litigation are not infrequently paid fees five times as large as would be paid for like service to an individual client. Judges of the court are often extravagant in their allowances. My attention has been called to the disparity in such allowances by different judges for like service. The people should be kept informed as to the expenditures of their public servants. The expenditures and the contracts of the township should be so guarded as to give to the people complete information as to the official acts of all persons who have them in charge.

"The expenditures of the township officials last year for 'out-door relief' amounted to $375,208 03. This enormous expense is startling, and reveals the dangerous methods and lack of proper regard for public moneys. The system in vogue in many townships fosters pauperism and puts a premium upon vagrancy. The township trustees appoint the road supervisor, and upon the ability of this official in large degree is contingent road improvement.

"The forthcoming report of the state statistician will reveal in township government a great disparity of costs per capita. Townships similarly situated vary in the cost to the inhabitants several hundred

A NEW MINISTRY.

Spanish Conservatives to be Called.

General Polavieja and Senor Silvela Will Undertake to Form a New Cabinet.

MADRID, Dec. 5.—General Polavieja, the former governor general of Cuba and of the Philippines, and Senor Silvela, the conservative leader, have agreed upon the formation of a new cabinet and have been summoned by the queen regent. The early advent of the conservatives to power is regarded as certain.

COMES TO LIFE IN A COFFIN.

Supposed Dead Man Fools the Undertaker and Coroner.

MACON, Mo., Jan. 5.—A stranger, apparently frozen stiff and killed by a fall from his horse, was picked up in the roadway a short distance from here. He was brought to the city and taken to an undertaking establishment, where the supposedly dead man was placed in a coffin. The attendants paid no further attention to the body, except to notify the officials that an "unknown dead body" had been found. An inquest was to be held, but all calculations were rudely upset when the undertaker went to remove the corpse. It was gone. In its stead was this note, written in pencil on a piece of brown paper:

"Don't like your old lodging house a little bit; youre beds are too cramped and your niggers don't keep no fire. Sorry to leave you."

A cold reception awaits the next corpse.

CHANGE OF TROOPS.

Illinois Relieved After Two Months' Riot Duty at Pana.

PANA, Ill., Jan. 5.—Company C, Fifth Illinois infantry, of sixty men under Lieutenant Headenberger, was notified today to report immediately at Springfield. They leave tonight after having done sixty days' riot duty here on account of the miners' strike. Company L, of Peoria, has been ordered here to relieve Company C. They number seventy-five men and it is understood they will remain all winter. This makes a total of 250 soldiers on duty in Pana. Col. Frank Wells, of Decatur, is in command.

Disease appears to have come to the aid of the union miners. There are over 150 cases of sickness, principally pneumonia, among the imported negroes. Ben Husterson and Nero Pitts, negro miners, died today of pneumonia. The strikers received $2,000 from the state organization today for commissary. Each union miner now receives $5 a week.

THEY WILL FIGHT.

Filipinos Preparing to War With Uncle Sam.

Aguinaldo Has Gone to Iloilo to Place Himself at the Head of the Insurgents There.

PARIS, Jan. 5.—An official telegram received by the Filipino junta here, dated Manila, Jan. 4, says that Aguinaldo has gone to Iloilo at the request of the insurgents there, to place himself at their head, with the view of their possible fighting with the Americans.

PARIS, Jan. 5.—The dispatches also give a list of the members of the new Filipino cabinet, with facts as to their antecedents.

The cabinet is described as homogeneous, every member being pledged, according to these advices, to resist the American military occupation of the Philippines.

A member of the Filipino junta here explains that Aguinaldo did not run away, but "left Manila for the mountainous region behind Cavite in order to make secret arrangements for his voyage to Iloilo."

The Filipino who furnishes this information also categorically and specially asserted that the latest telegraphic advices declare that if the Americans insist upon the occupation of the principal cities by the American troops the whole of the Filipinos will "resist by force of arms."

Senor Tasson, who has been appointed Filipino agent at Paris and London, is expected to arrive here shortly. The members of the junta assert that the new cabinet will bring forward the "most energetic policy."

Mabini, it appears, claims recognition of the independence of the Philippine Islands and will not consent to the release of the Spanish prisoners, but, it is added, he is willing to come to an understanding with the Americans "as allies" for the surrender of the Spanish military and civil officials and others.

A KLONDIKE LYNCHING.

Twelve Determined Men Effectually Dispose of a Terror.

VANCOUVER, B. C., Jan. 5.—The steamer Rosalie has arrived from the north with 160 passengers, all from Dawson. The party made the trip in seventeen days. The steamer had $50,000 in gold dust on board.

The passengers bring news of a sensational lynching which took place at Eagle City, Alaska, on December 11th. Jack Jolly, a saloonkeeper and gambler had collected a gang of toughs around him and was terrorizing the mining camps. He refused and the next day the the vigilants hanged him to a limb of a tree. The toughs and gamblers who had made his place their headquarters immediately left town.

On the day the steamer left Dawson, Myrtle Brooca, variety actress, committed suicide by shooting herself in the head. She was a native of Lindsay, Ont.

A Blunder of Policemen.

CINCINNATI, Jan. 5.—An amusing blunder was made by the police last night, in the arrest of United States District Attorney Wm. E. Bundy. The mistake was not discovered until the police arrived with their prisoner at the station, when the joke turned embarassingly on the arresting officers. The city has been infested with crooks, the police are doubly diligent, and Colonel Bundy was pointed out to them by an expert as a bad man.

JAMES JACOBS' WIFE

Officers Trying to Determine Her Whereabouts.

Intimation That She May Have Met a Violent Death.

Has Not Been Heard From Since July 5th Last.

The Husband Tells the Officers That She Ran Away With One A. C. Martin—Some Letters.

James Jacobs, the man locked up in jail on a charge of arson, is preparing to meet another charge which may be brought against him before he escapes from prison walls.

Several days ago a SENTINEL reporter learned that Superintendent Gorsline, Detective Dasseler and relatives of Mrs. James Jacobs were investigating the mysterious disappearance of the wife of the man who is now confined in jail.

The officers were working on the hypothesis that Jacobs knew more about her disappearance than he ever would care to tell. Ten years or more ago he married Miss Anna Rayhouser, a daughter of Mrs. G. I. Z. Rayhouser, of this city. To them were born two children. When Jacobs left Fort Wayne four years ago he took his wife and children with him.

They finally located in Rock Island, Ill., and here is where the mystery commences. On the 5th of last July Mrs. Rayhouser received a letter from her daughter, Mrs. Jacobs, stating that she might be home in a short time on a visit. A few days later Jim Jacobs came to the city with his two children, but Mrs. Jacobs was not with him.

He told her relatives that she had mysteriously disappeared and at the same time A. C. Martin, an insurance man who was conducting an insurance business in Rock Island, had also disappeared. From July 5 up to the present day, just six months, not one line has been received from Mrs. Jacobs.

Two or three weeks after Jacobs came to Fort Wayne a short telegram in a Chicago paper, dated Rock Island, contained the statement the body of a woman terribly mutilated had been found in a box in the Mississippi river. Since Jacobs' arrest on the charge of arson relatives of Mrs. Rayhouser have commenced an investigation, and inasmuch as they have not heard from Mrs. Jacobs, suspect that the body found in the Mississippi may have been that of the missing wife. Superintendent Gorsline and Detective Dasseler have been making an investigation, and the superintendent has written to the chief of police at Rock Island for information. His first desire is to know whether a body was really found. He sent a couple of pictures of Mrs. Jacobs to the Rock Island officers for identification. No reply has been received as yet.

A SENTINEL reporter this afternoon saw James Jacobs in his cell at the jail. Mr. Jacobs had learned of the rumors that were floating about and sent for the reporter to explain the case. He says that he has no doubt that Mrs. Jacobs left her home, husband and children with A. C. Martin.

One day in July last he (Jacobs) was at work on the Rock Island reservoir. On his way home he met Mrs. Rayhouser with the children, aged respectfully seven and four years, and they walked home together. She later left the house and Mr. Jacobs says he has not seen her since.

She did not come home during the night and he supposed she was sitting up with a friend and went to work as usual the next day. The next day at noon, when his dinner was fetched to him, he learned that the wife had not come home. He laid off in the afternoon and with Chief of Police Pender made a hunt for the missing wife. He claims to have traced them to a hotel in Davenport and later to a depot. Since then he has heard nothing from her. Jacobs claims his wife left him once while they resided in Fort Wayne. Pictures of the woman were furnished Chief Pender and they were sent to other cities along with a description of Martin, whose family lived in Indianapolis.

Jacobs showed THE SENTINEL man three letters he had received from a woman signing herself Mary A. Martin, and supposed to be the wife of A. C. Martin. In the first she inquires for information as to the mysterious disappearance of her husband and Mrs. Jacobs, and in the others she asserts that she cannot believe her husband would run away with another woman. In the last letter she says "the more I think of it the less I believe it. I can't believe that he would stay away from his family. I am afraid there has been foul play with him and that something has happened to him." This letter was dated October 2. The other letters were dated August 21 and August 30. Mrs. Martin lives at No. 1618 Ludlow avenue, Indianapolis.

May Fritz, a former Fort Wayne woman has been connected more or less with Jacobs' past life and the police have been unable to locate her. Jacobs, too, says that he does not know where she is. Should she be located it might be possible to satisfactorily unravel the mystery of the disappearance of Mrs. Jacobs.

SHOCK GIVEN HAVANESE.

Sensation Caused by Discovery of an Alleged Torture Chamber.

HAVANA, Jan. 5.—The afternoon papers yesterday sent a thrill through the city with a report that a torture and execution chamber had been found at the residence of the Spanish military governor, adjoining the palace. The papers declared that there the Spanish officials questioned and murdered political prisoners.

According to their accounts the floor of the chamber was covered with dried blood, and its walls were indented with machete strokes. An excited crowd soon gathered outside the house, which was last occupied by General Barrado.

The reported torture chamber is a room about eight feet square, just off the diningroom. As a matter of fact it was probably used as a pantry. In the wall there is a dirty iron bar, evidently used to hang meat on, and a piece of discolored rope is suspended from it. It is inconceivable that General Barrado practiced torture next to his diningroom.

POISONED BY TAINTED PORK

Mrs. Thomas Wallace Dies and Others are Ill in Wabash.

WABASH, Ind., Jan. 5.—Mrs. Thomas Wallace, one of the oldest residents of North Manchester, this county, and a sister of Calvin Cowgill, former member of congress, is dead, at her home, having been poisoned by eating pork.

Mrs. Wallace and two sons and two daughters live together and ate heartily of roast pork. Nothing wrong was noticed with the meat, but an hour or two after the meal Mrs. Wallace became unconscious. Though every attention was given her Mrs. Wallace died in great agony. Margaret, Harler and Jennie Wallace, who had also partaken of the pork, were extremely ill, and for a short time it was thought they too must die, but they are now much improved, though not entirely out of danger. James, a son who did not eat the pork, was not affected.

The remains of the roast were given to chickens, all of which died. The supposition is that the pork contained trichinicsis.

DOING GOOD WORK.

John Morris, Jr., Is Back From Indianapolis—Judge Taylor's Chances.

John Morris, jr., returned this morning from Indianapolis, where he has been assisting other Fort Wayne people in booming Judge Taylor for the senatorship. He says that good work is being done by the Fort Wayneites and that Judge Taylor is still way up in the race with only Hanly to beat.

A private letter from a well posted Fort Wayne republican, who is now at Indianapolis, says that everybody is at sea and it is impossible to determine just how the legislators will vote, although it is admitted that Hanly is in the lead. He believes that Hanly must win on either the first, second or third ballots and if he doesn't, then Judge Taylor has a great chance of being Senator Turpie's successor.

SICK PATIENTS.

Word From the Bedsides of S. C. Lumbard, G. H. Wilson and A. R. McCurdy.

Word from the bedside of S. C. Lumbard this afternoon indicates no especial change in his condition from what it has been a week past.

The very welcome news comes from the home of George H. Wilson that he is a great deal better today and his recovery seems to be assured, though it will be slow.

A. R. McCurdy, who was very seriously ill with the grip, is recovering, but it will be a couple of weeks before he will be able to resume his duties.

LOCAL LINES.

Ed M. Wilson returned today from a business trip to Indianapolis.

Harry Gilbert left last evening for Chicago after spending a week with his family on Huestis avenue. Mr. Gilbert has been suffering with a bad case of grip.

Rev. W. T. Wells, of Huntington, will speak tonight at the West Jefferson street Church of Christ on "The Importance and Dignity of Christian Service."

Wayne division No. 119, Order of Railway conductors, will hold a special meeting Saturday afternoon, at 2 o'clock. Assistant Grand Chief Conductor Wilkins will be present.

FOR HANLY'S SCALP

Other Candidates Are Now Hard After Him.

A Revolt Threatened in the Hanly Camp.

Judge Taylor Still the Strongest Man.

The Support of the Tenth District Man Is Said Already to Be in Process of Disintegration.

INDIANAPOLIS, Jan. 5.—The senatorial fight goes merrily on with Hanly still nominally in the lead, Judge Taylor a good second and Albert J. Beveridge looking up much better.

THE BREAK-UP.

The first startling indication of a breaking up of the Hanly forces comes from the members of the Tenth, Hanly's own district. Each day is bringing to light the wholesale promises Hanly has made for support in other districts than the Tenth, and it turns out that everything has been promised to other districts, the same office being in some cases given to two and three men, who are now getting together and comparing notes, with the result that Hanly finds himself in hot water.

The Tenth district members have been totally ignored, and they have been given to understand that they have to be for Hanly anyway, and therefore cannot expect anything. This is what is hurting. Hanly it is now known is paying the campaign expenses of those who will support him, this being the polite way of buying votes. He has not promised to pay the campaign expenses of anybody in his own district, and in addition is promising all the offices to the other fellows. As the campaign expenses are supposed to amount to $250 in each case, the sum being expended can be appreciated. As a consequence there are signs of serious trouble in the Tenth district delegation, and yesterday the Hanly lieutenants were busy in attempting to stop up this threatened breach.

IN OPEN REVOLT.

Senator Culbert, of Michigan City, is in revolt openly. Representative Furness is only half inclined to support Hanly on the first ballot and Representative Ritenbaug is on the eve of breaking out in rebellion.

That Hanly is spending twice the money of any other candidate is now known. Where it comes from is a mystery, but it is strongly hinted that George H. Williams, of Washington City, could tell something about it. Hanly is profuse with his money and promises. He has fourteen rooms engaged at the Denison and is paying the campaign expenses of all those who agree to support him.

JUDGE TAYLOR IMPROVES.

Judge Taylor was greatly improved yesterday after his temporary illness and during the day was mingling among the members and spent considerable time in his headquarters. The Taylor forces were increased yesterday by the addition of Senator Hubbell, of Elkhart county, who has just returned from an extended trip through the west.

Judge Taylor is in second place in the race and his friends are confident that when the Hanly strength disintegrates after the first few ballots he will get a majority of that strength, which is scattered through several districts.

The Taylor lieutenants figure that Hanly can under no circumstances get at any time over thirty-one votes. They have canvassed the situation with the utmost care and as a result are confident that the Tenth district man cannot win. Mr. Taylor's friends were more confident last night than at any time during the fight.

MAJOR WILSON THERE.

"Billy" Wilson, of Fort Wayne, came down yesterday with several republicans from the Twelfth district and they are doing all they can to defeat Judge Taylor, because he doesn't belong to the gang.

They say he has never been for anybody but Taylor, has not contributed to the republican campaigns and has kept aloof from the local republicans, notwithstanding the fact that he has for years been drawing a salary of $5,000 per year.

COMBINE AGAINST HANLY.

Representative Roberts, of Jefferson county, Fourth district, yesterday announced that his support would go to Hanly. This addition to the Hanly camp was heralded as an unexpected acquisition and was played to throw consternation into the camp of the opposition. As a matter of fact Roberts has been placed in the Hanly camp for four or five days and his announcement was no surprise. He has been credited to Hanly for some time.

After a most careful analysis of the situation last night the anti-Hanly forces compared notes and stated that under no circumstances could Hanly have more than thirty-four votes at any time in the fight.

Stop! Women,

And Consider the All-Important Fact,

That in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience in treating woman's diseases is greater than that of any living physician—male or female.

You can talk freely to a woman when it is revolting to relate your private troubles to a man—besides, a man does not understand—simply because he is a man.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probably examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman, whose knowledge from actual experience is greater than any local physician in the world. The following invitation is freely offered; accept it in the same spirit:

MRS. PINKHAM'S STANDING INVITATION.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.—Lydia E. Pinkham Medicine Co., Lynn, Mass.

"The present Mrs. Pinkham's experience in treating female ills is unparalleled, for years she worked side by side with Mrs. Lydia E. Pinkham, and for sometime past has had sole charge of the correspondence department of her great business, treating by letter as many as a hundred thousand ailing women a year."

The treaty of peace is likely to prove a war measure in the senate.

The Indiana legislature can display statesmanship of a high order by an effort to pass as few needless laws as possible.

Senator Quay declares that he will be re-elected and it should be borne in mind that he has never yet been caught with only a bob-tailed flush when the call was made.

The report that a chamber of horrors has been discovered in Havana is not worth much perturbation. For centuries the whole island of Cuba has been a chamber of horrors and Spain made no pretension to secrecy of the tortures she committed.

An important precedent in official etiquette was established in Washington on New Year's day, when the diplomatic corps, including ladies, called together to pay their respects to Vice President and Mrs. Hobart immediately after leaving the executive mansion. Hitherto it has been the practice of the diplomatic corps to proceed immediately after calling upon the president to the home of the secretary of state for breakfast with him and it was contended that foreign ambassadors should come next to the president and ahead of the vice president in such matters.

According to a story telegraphed from Berlin to London, Emperor William has refused an offer of $5,000 from a New York publisher, for an article giving his version of the Spanish-American war. The offer was made by sending a check for the amount along with the letter asking for the article, and the check is said to have been returned through the German embassy at Washington.

The biennial message of Governor Mount to the legislature is an important document and is well worth thorough perusal. Among the more important recommendations of the governor is that appealing to the legislature for enactment of some measure to deal with lynchers and whitecappers. Mob violence is an evil difficult to reach, but the governor's suggestions along that line might accomplish something.

When will all men learn that there is no profit in wrong-doing? Truly the way of the transgressor is hard, for it is only a matter of time when exposure must overtake him and swift in the wake of exposure comes the punishment inseparable from transgression. Every misdeed exacts a penalty that cannot be escaped. The punishment the law inflicts is only the less severe of the miseries inevitable in the course of evil. It has been but a short time since the people of this city were astounded at disclosures of enormous embezzlements committed by trusted employes of a large manufacturing concern. These men have lost their substance and are outcasts from society. Their lives are ruined and family and friends bowed with disgrace. There is no safe course but in living right and doing right in all things.

WOMEN AS MUSICIANS.

The Fadettes Orchestra at Princess Rink Saturday Evening.

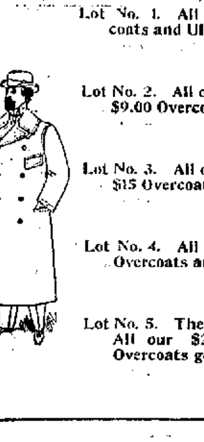

Of the Fadettes Woman's orchestra, which will appear at the Princess rink next Saturday night under the auspices of the Woman's Club League, the Boston Herald says: "The selections were played with a degree of artistic finish and skill that was altogether charming, and the young ladies have no cause to ask consideration for their performances on account of their sex. An especially brilliant effort was made in the 'Brahms Hungarian Fantasia' in which the players gave the composition with a dash and style that called out the most enthusiastic applause. The concert was a pronounced success."

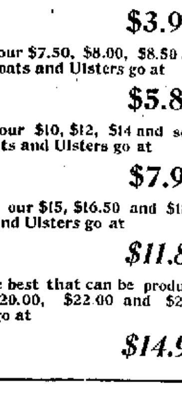

Mrs. W. H. McKinnie and children leave tomorrow for a visit in Pittsburg.

[CONTINUED FROM FIRST PAGE.]

per cent. The same report will show a difference in the total county expenditures that varies from seventy-nine cents to $15.16 per capita, or a disparity of nearly 2,000 per cent. It shows a county of a little more than 30,000 inhabitants expends for county purposes five times as much money as another county of more than 70,000 inhabitants.

"The cost of enforcement of criminal laws varies from 3 cents per capita to 29 cents. The expense of elections, etc., repairs, and all other expenditures, varies from 31 cents up to $8.32 per capita.

"The radical difference of cost in counties similarly situated reveals the need of change. The people have a right to know that these differences exist, and they have a just reason to expect a change. I believe it safe to conclude, if proper safeguards are placed about these offices, wise business and economic methods adopted by counties, courts and townships, there could be a saving of 20 per cent of present taxes for county and township purposes. The people demand a reform that will lessen the burden of taxation and not a misnomer that will augment expense.

Indiana's Good Name Dishonored.

"The good name of Indiana has been dishonored by a lawless mob that took [illegible]

[illegible]

[illegible]

they shall in all things be subject to the law governing that institution.

"I believe the time is opportune for the placing of all the penal and correctional institutions for males under one board of management. Transfers can then be made from one to another without any friction and with less complication and expense.

Benevolent Institutions.

"Never in the history of the benevolent institutions of the state has the management been more efficient or so free from scandal. The per capita cost of maintenance is less than ever before. The highest efficiency can only be maintained through the most competent and experienced management. Partisan control cannot assure either. Competency grows with experience. Partisan management of state institutions means a change in the government of the same with each transfer of political power in the state. If the management of these institutions is to be given as reward to politicians, then, as a logical sequence, the larger the salary the better the reward; the more places provided, the more workers rewarded. Extravagance and incompetency result, scandal follows, and the people at the polls rebuke the debasing system by defeating the party responsible for it.

The Trusts.

"The report of the labor commissioners of this state reveals that 'no proposition involving settlements of labor controversies present as great obstacles as those in which trusts are parties to agreements. In every encounter with labor the workingman, however just his cause, emerge from the conflict the greater sufferer. The opportunities of trusts in regard to wage reductions are exceptional, and their desires are always equal to their opportunities. They are not trammeled by state laws [illegible]

necessities of life.' This large class of worthy citizens will have no one but their chosen representatives to look after their interests in the legislature, and I have confidence in the ability and integrity of this body to deal conservatively and wisely with these grave problems.

Indiana in the Recent War.

"In the course of this message proper I will not undertake to enter into a detailed recital of Indiana's part in the Spanish American war. * * * I direct attention especially to the reports of the paymaster general and the surgeon general, respectively, detailing the operations of those departments. It will be observed that the paymaster general corrects a popular misapprehension in stating that no deductions on clothing account were made, except in the case of officers, all of which is in strict compliance with law. Most of the uniforms furnished the Indiana national guardsmen, when they enlisted in the federal service, were comparatively new. Some of the soldiers were furnished uniforms badly worn. The government receipted to the quartermaster for these uniforms. Subsequently a board of survey was appointed to fix the value of these uniforms furnished by the quartermaster general of the state. Some of the volunteers desired the quartermaster to furnish this equipment without charge. This he could not do and render a proper accounting to the state.

"I therefore call the attention of the legislature to this matter, and, if it shall be shown that an injustice has been done, prompt and ample reparation should be made.

"The Indiana volunteers for the war with Spain have made an honorable record and the patriotism and devotion to duty they have manifested on all occasions are deserving of the highest commendation.

Necessity of Good Roads.

"Good roads are indispensable to progress and development. The highest attainments in rural life, socially, mentally or financially, cannot be attained when bad roads abound. Discontent with country life is the fruitage of the thraldom of bad roads. Two years ago I said to the general assembly that, 'while the road laws needed improving, their execution needed revolution.' The same need exists today in an aggravated form. The law requiring the road supervisor to work all able-bodied men on the highways during the months of April, May and June, in many instances, is not faithfully enforced, and in some cases absolutely ignored.

"The average road levy by the township trustee is about 20 cents on the $100. This raises a vast revenue, which is not expended with judgment and fidelity. The railroads of the state are assessed, in round numbers, at $151,000,000. This would make a revenue of nearly $300,000. This is 'farmed out' between the railroads and the supervisor. A discount is made to the railroad, the 'go-between' makes his thousands, some of the supervisors profit by the method, and the cause of good roads suffers. The farmer is allowed to work out his road tax often by a slipshod method, which, if pursued by a road contractor, would end in bankruptcy. The supervisor should be held under bond to faithfully execute the duties of his office. He should be given power to compel every man owing service to the highways under the law to perform the same. All road tax should be paid in cash, reserving to the payer the right to work out the same, for which he should be paid in cash, provided he responds to the call of the supervisor when given the opportunity to perform such work, and accepting the lawful price for such services.

Wants a Primary Election Law.

"The safety and perpetuity of a free government is in the keeping of the people. If corrupt men are selected to make laws, and if incompetent men are chosen to fill official positions, then evil results are certain to follow. The nomination of candidates for office should be as far removed as possible from the domination of political leaders and ring politicians, giving to all voters an equal, free and untrammeled right to be heard in the selection of candidates. I therefore recommend the enactment of a strict primary election law.

Farmers' Institutes.

"The farm institutes of the state, under the supervision of the faculty of Purdue University, and under the direct control of Professor W. C. Latta, superintendent of the experimental farm at Purdue, have accomplished much good for agriculture and horticulture. In these institutes practical questions are discussed, thus preparing the farmer to meet in an intelligent way the new conditions and to solve the problems confronting the husbandman today. The amount appropriated for this work is $5,000. I recommend that this amount be increased to at least $7,500. The appropriations thus increased, will be but half the amount appropriated by a majority of the surrounding states for carrying forward this work. The good being thus accomplished is deserving of the highest commendation.

Criminal Insane.

"There are now four insane convicts in the Indiana Reformatory and 15 in the state prison. The law now makes provision for an insanity inquest and the removal of the insane convicts to the insane hospitals. This cannot be carried out for lack of room. It is unwise, even if there should be room. I recommend that a place be provided for these insane criminals in connection with one of the insane hospitals, where they can be cared for and kept separate from other prisoners and away from the inmates of the insane hospitals.

State Entomologist.

"The appearance in the orchards of this state of the San Jose scale and other dangerous insects, and also of fungus growths, thus endangering the horticultural interests, made it necessary, in obedience to the demands of many men, and in the absence of law, a state entomologist. Nurserymen could not, in some instances, ship their stock without the state, unless accompanied by a certificate from a state entomologist that their stock was free from the San Jose scale. Necessity having thus become a law, I appointed Professor James Troop of Purdue University to this office for the time. I therefore recommend the passage of a law creating such an office and defining the duties and powers of such official.

Visiting Committee.

"The scandals growing out of the deplorable conditions existing in many of the jails and poorfarms of the counties of the state call for legislation upon this question. I therefore recommend the enactment of a law authorizing the circuit judge to appoint for each county a non-partisan committee, to be composed of men and women, who shall visit at least once every three months all the charitable and penal institutions of the county and report to the state board of charities their condition, said committee to serve without compensation.

Convict Labor.

"A bill has been prepared and will be presented for your consideration looking to the furnishing of work for the convicts in the state prison. From humanitarian considerations the bill should become a law. It will afford temporary relief until some better plan can be enacted into law.

Livestock Sanitary Commission.

"It is estimated that the loss of livestock from infectious and contagious diseases in this state amounts to from $4,000,000 to $5,000,000 annually. It is of great importance that heroic remedies be applied and that the highest veterinary skill shall be employed to stop or minimize this great loss.

"Our present law is crude, expensive, and does not meet the demands of the livestock interests. My distinguished predecessor, the lamented Governor Matthews, in his message of 1897, after speaking of the crudity and expense of the present commission, said: 'I would recommend that the commission be discontinued, and in lieu thereof a competent veterinary surgeon be appointed by the governor, to be known as the state veterinarian, and to discharge the duties now devolving upon the sanitary commission.' I desire to commend the above recommendation as needful to best protect the livestock interests of the state. The veterinarian should make such scientific study, investigation and experiments as he shall deem necessary in relation to the prevention and cure of diseases among animals and disseminate information concerning the same.

"Local health boards should co-operate with the state veterinarian to prevent the spread of diseases, and that officer should have power to quarantine and condemn. The governor should still have power, by proclamation, to quarantine the state against the importation of diseased animals.

Secretary's Report.

"I beg to call especial attention to the valuable report of the state fish commissioner. Through a judicious appropriation, coupled with some wise laws for the protection and propagation of fish, and for the stocking of Indiana lakes and streams with game fish, this interest can be made a source of revenue to the people of the state, as well as affording healthful recreation and wholesome sport.

"In conclusion, gentlemen, I trust that a spirit of concord and good will may characterize your deliberations. Important matters have been suggested for your consideration. The time allotted for your important work is brief; thus rendering it of the utmost importance that earnest attention be given to legislative matters from the beginning of the session, thus obviating the rushing haste that usually attends the closing of the session."

MILITARY BALL.

Will be Given by the Wayne True Blues Next Month.

The Affair Will be a Reunion of the Soldiers Who Went From Fort Wayne to the Spanish War.

A military ball, under the auspices of the Wayne True Blues, is on the social calendar for next month. It will be given at the Elektron hall on the evening of February 9th, and will be one of the most brilliant social events of the season. Invitations have been sent to the Twenty-eighth battery and Company B, through the captains of those organizations, and all members are requested to be present in uniform, promising an occasion of dash, patriotism and beauty, the equal of which has not been seen in Fort Wayne.

It will be a gala affair not only from a terpsichorean standpoint but from the fact that it will be a reunion of the soldier boys after their campaign during the recent Spanish war.

It is a blessed period in a woman's life when a dear little stranger comes playing down out of cloudland to make its home in her heart and call her mother. Yet the majority of women approach this time with fear and misgiving both for themselves and the expected little one. The mother's heart forebodes some weakness or imperfection in the baby while the woman only too surely fears its own sufferings; and perhaps a little spice of vanity about her figure makes her dread that its attractions ... may be destroyed by maternity.

But as a matter of fact when a woman is in perfect health and condition, motherhood should only serve to enhance and perpetuate her physical attractiveness. Every expectant mother should give and avail herself of the health-giving, nerve-toning properties of Dr. Pierce's Favorite Prescription. It gives specific strength and endurance to the organism of maternity; promotes thorough, healthy, constitutional vigor and recuperative energy. It makes motherhood safe and comparatively comfortable; insures the baby's perfection and promotes the mother's buoyant spirit and womanly attractiveness.

Mrs. Elizabeth Hull, of Merrick Street, Pawtucket, R. I., writes: "I have taken Dr. Pierce's Favorite Prescription and respect speak too well of it. I have had three children, and always had a bad time. Sometimes I had to have two doctors. I began taking your 'Prescription' last July, and in September I gave birth to a fine baby girl, and I never had such an easy time. I had no doctor, and was not in pain half of the time as before. My twin boys have weighed ten pounds each. They are fine girls, now four months old."

In many cases where constipation is one of the aggravating causes of disease, Dr. Pierce's Pleasant Pellets should be used in conjunction with the "Favorite Prescription." They are the simplest and most perfectly natural laxative ever invented.

Grand Rapids and Indiana Engineman Victims.

Brakeman Sanders Meets With an Accident at Stony Island—Shop and Rail.

La grippe is becoming quite prevalent among enginemen and trainmen on the lines running into this city, and some of the roads have barely sufficient force to handle the business, which is unusually heavy just at present. Perhaps the worst crippled line in this respect is the Grand Rapids and Indiana, whose list of absentees on account of sickness is greater than was ever known before. Among the unfortunates are Engineers Isaac Clem, Peter Reynolds, James Cathrell, Al Hiser, Con Lynch and John Nichols, and Firemen James Galligher, W. E. McLaughlin and James Crable. Mr. Clem fell off the running boards of his engine in the round house at Grand Rapids and was injured and Mr. Nichols is kept from his engine by the illness of his mother. All the others have the grip. The absence of these men throws more work upon others than they would be called upon to perform under different circumstances.

As stated, freight business on the lines is very heavy, particularly in the shipment of flour, coal and lumber. Last night the road brought down from the north 160 car loads of flour and turned it over to the Pennsylvania and the Nickel Plate at this point for shipment to the east.

New Rules for Running Trains.

The following rules for running trains on an Indiana road appeared in a Kokomo paper:

A lamp upside down on engine denotes the fireman is drunk.

An engine upside down denotes that ties are rotten or a rail has broken.

A cat on the fence or a dog running along the side of the track denotes that the fireman will throw two or three chunks of coal at it.

A hot box on an engine denotes that the engineer is dry and that he will at once proceed to lubricate, but he must not drink out of the oil can, as it might mislead the general manager.

No one but the general manager will drink while on duty. Necessity knows no law.

A lady on the rear end of a passenger train denotes that the general passenger and ticket agent is aboard and will be away from home over night.

Anyone noticing the conductor throwing away a cigar stump will at once furnish him with a fresh cigar, as it is best to keep this official's mouth shut.

Conductors will be polite to the friends of the general manager.

Before leaving stations the conductor will call out the name of last station passed, so if anyone has been carried by they can get off and walk back.

When a brakeman acts as conductor he will put on airs—two airs for a regular train, three for a special and for pay car use automatic or straight air.

On arriving at a telegraph office conductor and engineer will both go into the office and write home as life is uncertain, especially on the road.

When on duty conductors will wear a seamless sacque, and when arriving at the end of their routes will take them off so the general manager can examine them to see if any money or tickets have stuck to them.

When a ten cent fare is paid the conductor will collect $1.10, the ten cents to go to the company.

Conductors will furnish themselves with a small iron safe which they will strap firmly to their backs. Passengers will punch their own tickets and place them in the safe.

Roadmasters and superintendents of track will make frequent trips of inspection of the tracks. This can be done from the inside of a smoker on any regular passenger train.

The section foreman will be expected to visit sections at least once a week so that they may be able to properly fill out their pay rolls.

An employe caught in the act of taking a switch for his wife's hair or using the frogs for fish bait will be discharged and no general letter will be given.

An Old Shopman Very Sick.

The venerable John Potter is lying very ill at his home to the north side. He was taken with the grip last Thursday and the malady has developed into congestion of the lungs. Mr. Potter is seventy-one years old and one of our most respected citizens. He is a cabinet-maker and for many years was thus employed at the Pittsburg shops.

Blake Mitchell Killed.

Mrs. Robert Spice went to Chicago this morning, having been summoned there by a telegram informing her of the death of Blake B. Mitchell, her brother-in-law. The deceased was killed in the railway yards last night, but the particulars of the accident were not given in the telegram. Blake Mitchell was employed as a conductor on the Wabash road up to six or seven years ago and a good portion of the term of such service was spent on the eastern division, with headquarters in this city. He quit the Wabash and took a position on the Chicago and Erie road.

About a year ago he was injured in an accident so severely that he was never able to resume his train duties and since that time the company employed him at the Chicago yards in the capacity of a detective. He was probably engaged in that line when he met his death. Nothing is known here as yet concerning the funeral.

Killed While Hunting.

Patrolman Herrmann, of the Pennsylvania company's police department, has returned from Winchester, Ind., where he attended the funeral of his brother, Franklin Herrmann. The deceased was out hunting rabbits last Monday and had climbed upon a stump to get a view of a field in which his dog was working. His gun slipped, the hammer caught on the edge of the stump, exploding the cartridge and the contents lodged in Mr. Herrmann's abdomen, producing a wound from which he died a few hours afterwards. The deceased was alone at the time of the accident, but managed to crawl several rods, to the side of a public road, where he was discovered by a couple of farmers and taken into the city. The deceased was a prominent citizen of Winchester.

Brakeman Sanders Hurt.

For two or three days A. A. Sanders, of 71 B— street, a brakeman on the Nickel Plate, has been switching in the Stony Island yards, there being too much work for the regular crew. Yesterday afternoon he threw a switch to let an engine pass and stepped aside, and as he did so some cars that were moving down another switch track knocked him down and he was rolled a considerable distance by the brakebeam. Luckily the wheels missed him and if he has sustained no internal injuries, he will soon be out again. He was placed on No. 4 and brought here and is now in St. Joseph hospital under the care of the company's surgeon. Sanders was cut about the head, shoulders and arms by the bolts in the brakebeams. He had been ordered home to resume his run in the through freight service, but stayed in the yard a little too long.

Personal and General.

John Wilhelm, of the Pittsburg planing mills, is reported sick today.

John Hood, a Nickel Plate fireman, is off duty on account of sickness.

Nickel Plate Engineers Ed Wolf and Joseph Bracht are off duty on account of sickness.

After a few days' illness John Ryan has resumed his place in the Pittsburg copper shop.

J. A. House and J. Connor have been promoted in the ranks of Nickel Plate trainmen and are now conductors.

Nickel Plate Conductor J. E. Allen has recovered from an illness that kept him from his work for several days.

Will Law has taken a clerical position in the office of his father, Superintendent C. D. Law, of the Pennsylvania.

Fireman John C. Tenney, of the Pennsylvania, who has been very low with appendicitis, is slowly recovering.

Engineer W. N. Harden, of the Pennsylvania, was called to Athens, Mich., yesterday, by the death of his wife's mother.

The New York Central, in main line and branches, has 2,381 miles of main track, and its total capitalization is $281,497,667.76.

John Monahan, a boilermaker in the Wabash shops, was disabled temporarily by an accident, in which one of his hands was badly burned.

Wills J. McKinney, for many years a conductor on the eastern division of the Pittsburg, Fort Wayne and Chicago road, was buried at New Castle, Pa., last Monday. He died of pneumonia.

Recent developments indicate that the Pittsburg and Western, when reorganized, will become part of the Baltimore and Ohio system. The bonds of the road, which a few weeks ago were selling at 65, are now close to par.

Passenger Conductor George Bonbur, of the Pittsburg, is suffering with a bad cold, which will keep him within doors for a few days. In the meantime, Mr. Bonter's run, on Nos. 9 and 14, is being taken care of by Joseph Morgan.

Fireman Withrold has been transferred from the yard service of the Lake Shore to the local freight service, and Albert Fiegel, who had been firing a switch engine in Chicago, was transferred to this city to take Withrold's place.

Philip Hess, who recently resumed work in the Pittsburg machine shops after being in the United States navy, was taken sick after working one day and has since been confined to his room at the residence of his father, Jacob Hess.

General Manager L. F. Loree, of the Pennsylvania company, arrived home Monday night and if there is any truth in the reports concerning changes in the officials of the company he will probably soon give them to the public. Mr. Loree was in Mexico one month.

C. E. Nyton, a Nickel Plate brakeman who had been working in the Stony Island yards a few days, has returned to his old duties in the through freight service. He was in the switch gang with A. A. Sanders, whose misfortune is given in detail elsewhere in these columns.

Porter Leach went to Toledo this morning in the interest of the Bass Foundry and Machine company.

James Olive, sr., a veteran in the Wabash machine shop, is confined to his home with a bad attack of pleurisy.

Al Seeley has resumed his duties in the Pittsburg yards, in the warehouse switching crew, after a few days' absence.

The Pennsylvania will this year expend $1,000,000 in reducing grades and straightening curves between Irwin and Lorimer.

Mrs. Anderson, wife of Henry Anderson, of the Bass works, is lying quite ill at the family residence, No. 14 Putnam street.

John Eichman and B. Finney, of the car machine shop, and W. Fetters and J. Langston, of the lumber yards of the Pittsburg, are off duty on account of sickness.

Engineer D. T. McFee and Fireman D. Vreeland, of the Nickel Plate, are enjoying a few days rest after being on the road nearly continuously for a week or two.

On December 31st, on the Pennsylvania lines west of Pittsburg, there were employed 24,561 men, and of that number 10,850 were members of the Voluntary Relief association.

Nickel Plate engine 151 is again in service on the Third district, having been thoroughly repaired at Stony Island shops. Engineer C. Sliter and Fireman C. Strayer have charge of 151.

Machinist Charles Pake, formerly employed in the electric works, has taken a position in the Wabash shops. C. Bender, a machinist's helper, has also taken a position in the Wabash shops.

Among the absentees in the ranks of Pittsburg employes today are Engineers ——, Kirby, J. G. Losso and M. O'Brien, who are suffering with the prevailing malady, the grip. Thomas Beals and A. Krantz, of the round house force, are also victims of the same disease.

Charles Parker, who has been railroading in Mexico for two years, is circulating among old Fort Wayne friends. He may decide to remain here and with that object in view he has applied for a position on the Nickel Plate, where he was employed before going to Mexico.

Agent E. S. Philley, of the Lake Shore, is in receipt of a letter from Cleveland, informing him of the dangerous illness of the two sons of H. Bromley, division freight agent of the Lake Shore and Michigan Southern. Mr. Bromley, sr., was formerly freight agent for the Lake Shore and the Lake Erie and Western at this point.

The working force of the Pittsburg machine shop was reduced to a very small number this afternoon, many men being in attendance at the funeral of Brownell Jackson, which took place at 2 o'clock. The deceased occupied a prominent position in the hearts of the shopmen, and all were anxious to show respect to him in this manner.

Something new in the way of an electric machine has just been completed at the electric works for the Lewis Institute, in Chicago. It is a twin dynamo, with 300 combinations and capable of producing six different kinds of electric currents. It was built to order upon designs furnished by the institute and is intended for lecture work in the college.

Among the passengers on the 8:28 Wabash train this morning were F. S. Hunting and Frank Koplinger, of the electric works, who were bound for Murfreesboro, Tenn., to look after the interests of the corporation. It will be remembered by the readers that the corporation's representative at that city was recently shot and killed by a merchant and the murderer is now in jail awaiting trial. Other Fort Wayne people on the train were William M. Reiter, bound for Oran, Mo., and Henry Ramsey, who is en route to San Luis Potosi, N. M.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on Dreier Bros., druggists, and get a trial bottle free. Regular size 50c and $1. Every bottle guaranteed, or price refunded.

Maps for Ready Reference.

The Chicago, Milwaukee and St. Paul Railway Co. has just issued in convenient form for household, library and school reference an atlas of seven colored maps of the world, the United States and our new possessions in the Atlantic and Pacific oceans, together with an amount of valuable information connected therewith—all up to date. This atlas will be sent free to any address on receipt of six (6) cents in postage.

Apply to Geo. H. Heafford, General Passenger Agent, Old Colony Building, Chicago, or to E. G. Hayden, Traveling Passenger Agent, Cleveland, Ohio.

AMONG THE LODGES.

Entertainment to be Given by the Modern Woodmen.

Social Affairs Contemplated by a Number of Other Lodges—Several Installations of Officers.

MODERN WOODMEN.

Fort Wayne camp No. 4301 held a regular campfire last Monday evening and received several applications for adoption into the mysteries of woodcraft.

The installation of officers for 1899 will occur at the hall next Monday evening. The Woodmen are invited to bring their wives and families. Light refreshments will be served.

Edwards camp No. 3137 is making great preparations for the entertainment to be given next Tuesday evening. At the last meeting assignments were made to various members for the furnishing of articles that will be used at the big supper. A rich feature of the evening will be the chopping of a large log to test the ability of the neighbors in woodcraft. The contestants will be Neighbors Miller, Lichtenwalter, Griebel, Shuck, Latty and Uselman. The one who cuts through the log first will receive a prize. The members of the Hunterown camp have received an invitation to attend the festivities and they will probably come. At the last meeting Adolph A. Jacobs was given the fraternal degree. The committee on entertainment and the board of managers of this camp will meet at Neighbor Brown's barber shop tomorrow evening.

DEGREE OF HONOR.

Degree of Honor No. 2, installed officers last Tuesday evening. Final arrangements have been made for the "apron social," which will be given next Tuesday evening at the hall over 107 and 109 Calhoun street. The amusing feature of this social will be that each of the ladies will come wearing an apron, unhemmed at the bottom. These aprons are to be numbered and the gentlemen have corresponding numbers. It is the duty of the men to hem the apron for which he holds the "lucky" number. When the aprons are hemmed they will be auctioned off. A feature of the affair will be a supper served by the ladies. G. E. Mohler, C. F. Haller, H. F. France, A. S. Coverdale, C. M. Compaort and many others are practicing diligently with their needles in preparation for the "bee."

Maumee lodge, No. 25, D. of H., has been quiet for some time, but it is the intention of its officers to infuse more life into the lodge. To that end special arrangements will be made at the meeting to be held Saturday evening, which every member is urgently requested to attend.

KNIGHTS AND LADIES OF COLUMBIA.

This evening Liberty council No. 22 will entertain their friends at their hall, corner Calhoun and Berry streets. The reception committee consists of Miss Nora Lincoln, Mrs. Lizzie Yost, Mrs. Ada Geary, Miss Nora Barnes and Messrs. Walter Cook, Manuel Foster, Edward Hall and Charles Shaw.

LADIES OF THE G. A. R.

This society is fast becoming one of the most popular of its kind in the city, and is enjoying the prosperity it so much deserves, and is taking in members from the country for miles around. Next Monday night this society will install its officers for the new year, as follows: President—Mrs. Beals.
Senior Vice—Mrs. Sirk.
Junior Vice—Mrs. Conover.
Treasurer—Mrs. Gibson.
Secretary—Mrs. Riedhammer.
Chaplain—Mrs. Seaton.
Conductor—Mrs. Corey.
Assistant Conductor—Mrs. Bohling.
Guard—Mrs. Zollinger.
Assistant Guard—Mrs. Wood.

ORDER OF THE RED CROSS.

The Order of the Red Cross installed the following officers last Saturday evening for the ensuing year:

Commander—Frank Stanburner.
Lieutenant Commander—Homer Heathman.
Past Commander—Oliver Blystone.
Prelate—Thella E. Blystone.
Scribe—Chas. B. Heathman.
Financier—Lee Heathman.
Treasurer—J. T. Young.
Sergeant—David Brendrigo.
Guard—Isabel Armel.
Sentinel—David Heathman.
Organist—Morning Blystone.
Medical Examiner—J. E. Stults, M. D.
Trustees—A. Gerard, O. Blystone, J. T. Young.

Several applications will be balloted on at the next meeting night, which will be January 14, and all the members are requested to be present.

K. O. T. M.

Mad Anthony Hive No. 27, Ladies of the Maccabees, have been very successful the past year by the way of adding to their membership and the outlook for the coming year is very favorable. Next Monday evening's meeting in Harmony hall, on West Berry street, promises to be a very enjoyable occasion. At that time they expect to install their officers publicly and given a progressive pedro and supper.

TRIBE OF BEN HUR.

Ben Hur court No. 12, T. B. H., installed officers last Monday evening for the ensuing six months. The installation was public, and the ceremonies were witnessed by a good many friends of the members. Following the installation a literary and musical program was rendered, and then light refreshments were served and a social hour passed.

A large and enthusiastic crowd was present at last Thursday night's meeting of court No. 26, and the installation of officers were ... with exceptions. Bro. J. W. Young was present and made an address on "Sociability in the Lodge Room," which was a masterpiece of sparkling wit and humor. The Sentinel lodge editor learns from a reliable source that the degree team ... surprise for the court one week from tonight, which the members cannot afford to miss. Regular meeting this evening to which visiting "sons and daughters" are welcome.

A. O. U. W.

This evening the officers of Summit City No. 36, A. O. U. W., will be installed by Past Master Workman A. S. Coverdale. After the installation there will be music, addresses and a report will be made by the committee having in charge the program for the celebration of the fourth anniversary of the founding of the lodge. This event will be held on the 12th inst. The meeting will close with a smoker.

KNIGHTS OF PYTHIAS.

Phoenix lodge No. 101, K. of P., installed their newly elected officers last Monday night. After the installation the rank of squire was conferred on Page Nicodemus. Phoenix lodge enters the new year with a bright future ahead of it. Their lodge team has recently been re-organized, and under the able leadership of E. S. Hurlbut, one of the best posted Pythians in Indiana, the beautiful ritualistic work of the order of Knights of Pythias is being conferred in a manner which is not excelled by the best lodges in the United States. A cordial welcome is extended to visiting knights to visit Phoenix lodge on any Monday evening. Once a month this lodge has a social entertainment to which the ladies are invited. Progressive pedro, music, etc., followed by refreshment is the usual program. The success of these social entertainments have been largely due to the untiring efforts of the social committee—Bros. C. S. Kiser, H. F. France and E. S. Hurlbut. Every member of the order should remember these sessions and attend, with their wives, sisters or sweethearts.

Fort Wayne lodge No. 116, K. of P., had a public installation of officers last Tuesday evening. The room was well filled with knights and their families and a very enjoyable time was had. Next Tuesday evening the new officers will take charge and every knight in the city is earnestly invited to be in attendance and help push things along.

SONS OF VETERANS.

At their regular meeting last Tuesday evening, Col. E. S. Walker camp, No. 169, Sons of Veterans, installed the new officers, retiring Captain W. F. Close acting as installing officer.

Irwin Bickford was elected delegate to the division encampment to be held at Shelbyville next May.

On next Tuesday, the 10th, the Sons will give one of their social dances in their hall in the Elektron building. At this dance the Sons will revive the old custom of serving refreshments, and expect to give all who attend no opportunity to complain of the treatment they receive.

Capt. E. W. Blair, of this camp, has been appointed installing officer for Col. C. E. Briant camp, No. 8, of Huntington, and will (with quite a number of Sons of Veterans and L. A. S. from here) go down there next Saturday night and install the newly elected officers of that camp.

DAUGHTERS OF WORKMEN.

Daughters of Workmen lodge, No. 1, held their regular meeting at Phoenix, K. P. hall on Tuesday evening, January 3.

Two new members were initiated and two applications were accepted by the lodge.

After the regular routine of business the following officers were installed:

Past Grand Lady Workman—Mrs. J. J. Huser.
Grand Lady Workman—Mrs. Dr. Brown.
Vice Lady Workman—Mrs. H. Boehm.
Chaplain—Mrs. Geo. Seiffon.
Recording Secretary—Mrs. E. B. Smith.
Financial Secretary—Mrs. Thos. Greer, jr.
Treasurer—Mrs. M. C. Hagan.
Guide—Mrs. J. Hausbach.
Inside Guard—Mrs. T. Thompson.
Outside Guard—Mrs. Wm. Nuburgal.

After the installation of officers the lodge closed with a grand banquet.

THE FRATERNAL MYSTIC CIRCLE.

During September and October of last year, Special Supreme Deputy Studdiford secured thirty new members for Fort Wayne ruling, No. 662.

It was then determined to organize a running mate for this ruling and on November 17th the supreme deputy organized Kekionga ruling, No. 710, with twenty-one members. Since then the applications have continued to come in and tonight in the hall over the gas office a class of twenty-five members will be initiated into the mysteries of Kekionga ruling. Supreme Deputy Studdiford will be present to take full charge of the initiatory work.

PATHFINDERS.

Pathfinders lodge, No. 19, will install officers at K. of P. hall tomorrow evening.

K. O. T. M.

Wayne tent No. 54 will install officers this evening, after which several candidates will be ushered into the order. This lodge lays claim to a membership of more than two hundred. On the 19th inst. the lodge will give the third of a series of entertainments and it is expected that it will excel the former occasions.

ROYAL TEMPLARS.

Fort Wayne council No. 8, R. T. of T., held a regular meeting last Friday evening, at which time occurred the election of officers for the ensuing six months. The installation of these officers will occur Friday evening, Jan. 6th. All the members of the council are requested to be present.

G. A. R.

Anthony Wayne post will have an installation of officers tomorrow evening.

I. O. O. F.

Canton No. 17 will install the officers of Fort Wayne encampment No. 152 on the 13th inst.

TRUSTEES CHOSEN.

Votes of the Firemen Canvassed This Morning.

George H. Forsch and Emanuel Hoch Elected Trustees of the Firemen's Pension Fund.

The members of the Fort Wayne fire department on Tuesday voted for trustees of the pension fund and the votes were canvassed this morning by Mayor Scherer, Clerk Mosing and Chief Hilbrecht. Two trustees were to be chosen and there were six candidates. The two receiving the largest number of votes were to be declared elected.

Fifty-four votes were cast as follows: George H. Forsch, 37; Emanuel Hoch, 18; John S. Welch, 17; F. H. Tieman, 15; John Zink, 12; Chris. Kayhana, 1. Forsch and Hoch were declared elected, the former to serve four years and the latter two.

DON'T NEGLECT

A Common Case of Piles.

It May Lead to Serious Results.

When people generally understand that all such fatal diseases as fistula, ulcer of the rectum, fissure, etc., almost invariably begin in a simple case of piles, they will learn the wisdom of taking prompt treatment for the first appearance of trouble in this quarter. The Pyramid Pile Cure will certainly cure every form of piles, itching, bleeding, protruding or blind piles, and hundreds of lives have been saved by using this cheap but effective remedy right at the start, because at such a time a single package will effect a cure, while in the old chronic, deep seated cases, several packages are sometimes necessary before a lasting cure is effected.

Physicians are using the Pyramid Pile Cure in preference to surgical operations and with uniform success. The remedy is prepared by the Pyramid Drug Co., of Marshall, Mich., and for sale by druggists everywhere at 50 cents and $1 per package.

The Packard Piano is unequaled for sympathetic and pure tone combined with the greatest power.

Two Cent Fare Agitation.

It is a notable fact that all agitation in behalf of two cent railway fares does not emanate from the general public. Of course, politicians are copiously signed by a great many persons, but as it don't cost anything, the solicitation of a friend or acquaintance is usually accountable for that. It is an easy matter to array public opinion against any corporation. Railways pay a large proportion of the taxes and help along the general welfare by employing labor and fostering industries. The thoughtless signing of a petition to deny them the right of fixing fares by which their existence is governed must appeal to all fair minded persons as unjust. Were it not for the railways, progress would have a hard time of it.

No time or money is spared in building the Packard Piano.

Death Was Near.

Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents, at Dreier & Bro's drug store. Every bottle guaranteed.

Cheaply priced, yet a peer at any price is the Packard Piano.

POLICE NEWS.

Mayor Scherer Orders All Gambling Dens to Quit.

Charles F. Himmelsberger Bound Over to Court in the Sum of $200—Two Vagabonds to Jail.

Mayor Scherer has issued an order that all gambling in the city must cease. During the last few days stories have come to him that there were several faro games and a number of poker games running in full blast on Calhoun street. The gamblers did not close their rooms when the mayor ordered the slot machines out, but continued to do a business which they admit has not been very thriving because "suckers" are quite scarce. Yesterday the mayor instructed Superintendent Gorsline to notify men suspected of running gambling rooms that they must close down immediately. The notice was given and last evening officers visited the places and found them closed and today the gamblers themselves are loitering about the streets with nothing to do. It is understood that some of them who do not live in Fort Wayne have been ordered to leave the city.

FIXED AT $200.

Charles F. Himmelsberger was arraigned before the mayor this morning on a charge of larceny preferred by G. W. Stites. He admitted having taken the watch more than a month ago and pawned it, but the ticker had not been missed until the evening Himmelsberger left. The mayor bound Himmelsberger over to court, fixing his bond at $200, failing to give which he was sent to jail.

TWO VAGS.

Two vagrants were in court, one arrested by Officer Romy and the other by Detective Fuchshuber. The mayor assessed a fine of $5 and costs against one and $10 and costs against the other and they were sent to jail. The fellow arrested by Romy had been a lodger at the police station for several nights and had been ordered to leave town.

FAVOR PENSION FUND.

Fort Wayne Police Will Advocate Passage of the Bill.

The communication of Chief Hyland, of Terre Haute, was read to the policemen by Captain Borgman last evening and he asked an expression of opinion as to whether they were in favor of or opposed to the bill. The officers were almost unanimous in favor of having the law apply to Fort Wayne and the local police force will assist Terre Haute and Evansville officers in their efforts to secure an amendment to the Indianapolis bill which will make it applicable to cities with more than 30,000 population.

WILL BE REMODELED.

Salem Reformed Church to Undergo Handsome Improvements Soon.

The congregation of Salem Reformed church has voted to have the edifice remodeled inside and to make extensive improvements. New pews will be placed, the walls will be re-frescoed and a fine new pipe organ installed. A committee to look after the improvements has been appointed, as follows: Messrs. Andrew Vogely, John Gampper, Peter Hensel, Gottlieb Haller and G. W. Boerger. The church building is finely situated on Clinton street adjoining the Masonic Temple.

PERMITS GRANTED.

Almost Half a Million Dollars Expended in 1898

For New Homes and Business Blocks—Two Hundred and Eighty Permits Taken Out—Notes.

There were 280 building permits granted by Clerk Schmidt during the year 1898 and the aggregate sum for the improvements made reaches $353,109. This large sum of money does not by any means cover the entire amount expended for dwellings, store rooms, etc. There were buildings erected for which permits were never taken out and besides those persons taking out permits seldom gave the entire cost of the building to be erected. Many were under the impression that the permit book is used by the assessor to secure valuations, but they were wrong. It is believed that the actual amount expended for improvements by citizens in 1898 will aggregate almost $500,000.

The record book shows the following for each month in the year:

January, [illegible] permits	$12,550
February, 12 permits	[illegible]
March, 10 permits	[illegible]
April, [illegible] permits	[illegible]

BOARD OF WORKS

The board of works will meet in regular session this evening and the members expect to commence the discussion for street pavements at this meeting. The board intends to thoroughly consider all the petitions presented and determine immediately which streets shall be first paved. As soon as he finishes his annual report Engineer Randall will be instructed to prepare plans and specifications for some of the streets, and the only question now agitating the board is which thoroughfare to begin on. It is expected that a petition asking for the paving with brick of Pearl street will be presented to the board tonight, and it is intimated that this is one of the streets to be first paved. Besides the petitions already in it is expected that many others will be submitted, one of them being for Harrison street, between the Nickel Plate and Pennsylvania railways.
